the ♥♥♥♥♥♥ bots always pass it to other team dont bother playing this ♥♥♥♥♥♥ trash game. This game was adorable and incredibly charming. (Quality content with this price, it's a must have!) I almost immediately grew attached to Corrine, the kind store owners, and the ghostly patrons of the B&B. There were so many heartfelt moments throughout the game; I may have cried a little because it was so touching. I'm looking forward to future games that bad Chalk comes out with.. Pretty good game, very enjoyable, can easily sink an hour or two when you have time. Once I finish mid-terms, going to sink alot more hours into it.

Controls are nice, party structure matters, reminds me oldschool RPGs.. Was expecting a first person shooter from the screen shots, but still a pretty alright RTS. Vodka is better than drugs. A small pack featuring a bit more of a nostalgic late-8bit to early-16bit era feel. Definitely requires other assets, and is meant to just add a small bit of that flavor. As the title suggests, best suited for a modern scenario.

This is a great locomotive and extremely cheap on sale, although note that these scenarios are for Great Western Main Line (At least as of when I am writing this it does not say that in the description).. Underrated.. ported mobile game and it shows. very shallow game play that doesnt go anywhere. avoid unless you got 5\$ to spend on a waste of time.. Amazing game, the gameplay is superb and a dream for anyone that looks for a real tennis simulation.. \u2b50\u2b50\u2b50\u2b50. The comics are rather short, but they explain a few things about the characters in the game. It's free, and it takes around 20 minutes to go through all the comics, so I'd definitely recommend this one if you wanna learn more about Hotline Miami.. Absolutey theft, can't believe I've paid \u00a311 for something which doesn't even do what it is advertised to do. How is this even legal ?? This mod tool DOES NOT WORK AT ALL. I've spent hours trying to change ONE THING IN THE WORLD, saving it over and over again and it DOES NOT WORK. Absolute thieves selling this tool, DO NOT PAY A PENNY TO THIS SCAMMING COMPANY. 10/10 best spaghetti mystery I've ever played
